On June 29th the Colorado Department of Public Health and Environment has approved Arapahoe County's variance request to increase outdoor pools limited to 50% capacity. MPM is committed to the health and wellbeing of all patrons and employees. We will adhere to all guidance provided by the State of Colorado and Tri-County Health Department. ## **MEMBERSHIP:**

All fees and policies are subject to change. Current valid membership is required to participate in member only programs.

Annual membership begins on **June 10th** or at the time of receipt of payment, whichever is later. All annual memberships end on **May 14th** of the following year. To qualify for the resident rate proof of residency or property ownership within the Cherry Creek Vista Park & Recreation District is required at the time of payment. Proof must be shown in subsequent years for renewal registrations. A driver's license or other photo identification is not proof of residency. See below for acceptable forms.

## **ACCEPTED DOCUMENTS FOR PROOF OF RESIDENCY**

In order to qualify for the in-district rate we require one of the following documents. Photo identification, such as a driver's license, may be required to prove identity, but in and of itself is not proof of residency. The following documents are acceptable for proof of residency in Cherry Creek Vista Park & Recreation District:

- ❖ Warranty Deed
- ❖ Settlement Statement from Closing (within 90 days of closing)
- ❖ Current Arapahoe County Tax Notice
- ❖ Current Rental Agreement (if renting)
- ❖ Current Utility Bill with name and address

Membership fees will not be pro-rated except under the following circumstances: Families who move into the District after June 30 may pay a pro-rated portion of the fee for the year. Residents who move out of the District during a period for which they have paid a membership fee have the option of either retaining their use privileges or transferring them to the new residents of their former property.

There is no refund for any unused fees or for any membership forfeited or terminated. A temporary or permanent pool or facility closure beyond the control of the Board of Directors will NOT result in the refund of any fees.

## **Waiver**

All individuals who sign up for a membership must sign the District's "Facilities and Use Release and Waiver" ("Waiver") during the membership registration process.

## **Reduced Patron Capacity**

Pool capacity will be limited to 50% capacity, up to 250 people, whichever is fewer. Cherry Creek Vista is capped to a maximum of 150 patrons within the pool facility limits. This does not include members who are using the tennis facilities.

## **Patron Usage Monitoring**

A reservation system will be utilized to space out member/resident attendance, aid in contact tracing if exposures occur, and to allow for as equitable use of the facility as possible.

We have created an online registration, waiver and reservation system available through the District's website: <http://www.ccvprd.org>

The system ensures that we have a waiver for everyone who comes to the pool and we meet all of the requirements for limiting patron users to the reduced occupancy, and allows for tracing exposures and equitable use of the facility with the ability to limit members to their fair share of slots.

## **Reservations**

### *Time Slots*

Blocks of pool time are currently available for members to reserve. These timeslots are divided into 2-hour slots, 4-per day, for Sunday-Friday 11am-7pm and 5-per day, for Saturday 11am-9pm, schedule at this time schedule at this time. This equates to 1 hour and 50 minutes of swimming time and a full "facility clearing and disinfection" of 10 minutes between time brackets. Pool members will be asked to line up per social distance spacing "on-time" and not early for their slot, and to exit the pool 10 minutes prior to the end of the 2-hour window in an orderly manner. This will help ensure that social distancing can be maintained at the point of entry/exit. Come "beach ready" dressed in swim equipment and with your own food, toys, chairs and leave with everything you bring. Trash can be deposited in receptacles at the facility. Bathrooms and showers will be open but encouraged to be used only as-needed.

### **GUESTS:**

Any permitted guest will be required to sign a waiver prior to entering the premises, if guests are able to be allowed at a time later in the summer. Under current orders, only members and caregivers for children are allowed in the pool.

### **Social Distancing**

Swimmers not living in the same household should stay at least 6 feet apart during recreational swim, and there should only be one swimmer per lane for lap swim. Physical cues and guides will be installed to help with social distancing. For example, lane lines in the water or chairs and tables on the deck and tape on the decks, floors, or sidewalks will be installed, and signs posted to ensure that staff, patrons, and swimmers stay at least 6 feet apart from members of other households, both in and out of the water.

Common areas for diving boards, bathrooms, or any other services will also be marked for social distancing on the deck or ground to ensure that people are following social distancing measures.

### **Sanitation**

#### *Check-in*

At the check in area we will have a hand sanitation station. We recommend that everyone entering the facility uses the provided hand sanitizer.

#### *Restrooms and Showers*

Restrooms and showers will remain open. Access to enclosed spaces will be limited to reduce congregation and enforce social distance practices. We suggest all swimmers come beach ready. Restrooms are limited for emergencies only. Restrooms will be routinely cleaned every hour which includes, but is not limited to, door handles, light switches, countertops, baby changing tables, ADA rails, toilet flush handles and seat surfaces, sink nozzles, changing tables, benches, stall partition locks, etc.

We will limit the number of surfaces in the restrooms that need to be disinfected. This includes removing any non-necessary supplies such as countertop decorations, feminine supplies, etc., and closing of hand dryers and showers. Lockers will not be available at this time. Some sinks and stalls in restrooms may need to be closed to allow for 6' of social distancing. Antibacterial hand soap and paper hand towels for each individual sink in the restrooms will be provided.

#### *Frequently touched Surfaces*

All frequently touched surfaces and shared objects will be disinfected every hour. In order to clean the facility we will conduct a Safety/Cleaning break the last 10 minutes of every hour. All handrails, chairs,

tables, outdoor countertops, vending machines, gate handles and other frequently touched surfaces will receive the same sanitation every hour. Water fountains will be closed for the summer.

### *Furniture*

Due to harsh cleaning chemicals potentially damaging vinyl furniture, the amount of time it would take to disinfect pool furniture throughout the day, and difficulty in managing disinfection, the furniture available will be limited to tables and umbrellas only. Members are encouraged to bring their own chairs for their own use. Tables will be placed 10-12' apart. Cones, umbrellas or other demarcation will be used to indicate spots around the deck area where patrons can put towels/belongings or their own chairs.

### *Water Chemistry*

Water chemistry readings (chlorine and pH) are taken and recorded 5 times daily (open, 1pm, 3pm, 5pm, close). The CDC has stated there is no evidence that the virus that causes COVID-19 can be spread to people through the water in pools, hot tubs, spas, or water play areas. Proper operation and maintenance (disinfection with chlorine) of these facilities should inactivate the virus in the water. The proper water chemistry levels for optimal swimming pool functionality and comfort is a pH of 7.4 – 7.6 and a free chlorine of 1.0 – 3.0 ppm.

### **Sanitation Products**

Pool tables and restrooms will be sanitized with an EPA approved product for neutralizing COVID-19.

### **Flotation Devices, Pool Toys, Etc.**

There will not be any communal or shared flotation devices or pool toys at the property. Porous pool noodles and the like can potentially be a risk factor for transmission if not properly sanitized between users. Patrons who bring their own flotation devices or toys should not share with anyone outside their household.

### **Lost and Found**

Valuable items will be the only lost and found items kept and stored at the facility. Shoes, towels, clothing, pool toys, water bottles, etc. will be discarded upon facility closure at the end of each night to reduce the risk of spreading infection.

### **Food**

Members may bring snacks and meals with them to the pool. No glass is allowed. Please clean up trash and discard in receptacles provided when exiting the facility.

### **Employees**

Our staff will be supplied with and expected to wear face coverings when not on surveillance duty. When they are on surveillance duty, masks will not be worn as it would delay the activation of our Emergency Action Plan when lifeguards need to enter the water to help a distressed swimmer or perform a rescue.

All employees are required to conduct a pre-work health assessment. Any employee who has tested positive, is experiencing COVID-19/flu symptoms, has a fever greater than 100.4 degrees Fahrenheit and/or been exposed to someone who has been diagnosed with COVID-19 in the past 14 days is not allowed to come to work.

## **Pool Safety**

It is imperative that MPM is able to ensure the lifeguard(s) who are actively lifeguarding are not expected to monitor patron counts, use of face coverings, social distancing of patrons, or disinfection practices. It is the responsibility of the members to follow the rules as outlined in the rules and regulations.
